

HUMAN RESOURCES

INTERNSHIP OVERVIEW

PTx, through its brands Precision Planting and PTx Trimble, is passionate about using science and technology to improve agriculture. The PTx team develops innovative products that improve the lives of growers and make agriculture more sustainable, efficient and profitable. A PTx HR Intern will receive hands-on experience in human resources working at all levels of the organization. This paid internship will focus on human resource generalist and business partner type work along with other special projects using data to inform decisions. We aim high and work hard and you will have fun and have the opportunity to grow.

Responsibilities:

- The primary purpose of this position is to provide proactive assistance to the PTx Human Resources team and its related functions.
- The candidate will engage in various projects and responsibilities that help enable and improve PTx's ongoing employee related processes.
- This position provides the opportunity to work individually and as part of a team in the weekly and monthly processes across the business.
- This position will have the opportunity to gain visibility and insight into a variety of human resources areas across the organization including employee engagement, employee relations, data analysis and other HR project related work.

Required Skills/Experience:

- Ability to effectively communicate with a variety of employees utilizing written and verbal skills, including presentations to small and large groups.
- Ability to learn new technology.
- Personal transportation & willingness to relocate to the Peoria, IL area.

Desired Skills/Experience:

- Experience managing projects from conception through implementation.
- Experience with teamwork, especially outside the classroom.
- Interest in agriculture and technology is a plus.
